I am interested in helping in the following areas:

LICE CHECK - Three Lice Checks take place throughout the year - typically at the beginning of the school year, January and April. The time commitment required is one hour per Lice Check event. A training session can be provided in September by School Health Nurse.

_____ Yes, I would like to assist with the Lice Checks.

MICROWAVE DAY - We are looking into the possibility of having a microwave day for our students. This would entail warming lunches in microwaves for students on Mondays. Volunteers would be required from 11:45 am to 12:30 pm on Microwave days. Younger children are welcome, but must be supervised by the volunteer.

_____ Yes, I would like more information once known

HOT LUNCH PROGRAM - The Hot Lunch program is offered weekly on Fridays and requires 10 food Delivery Helpers per hot lunch day.

Food delivery helper positions involve helping on hot lunch days from 11:30 - 12:30 p.m. to sort and deliver hot lunch orders to classrooms, as well as collecting and cleaning food baskets/dishes/kitchen after lunch is delivered.

If enough volunteers are available, these positions only require a commitment of one hot lunch day per month. Younger children are welcome, but must be supervised by the volunteer.

_____ Yes, I would be interested in helping

SCHOOL DANCE

_____ Yes, I would like to be a volunteer at a school dance this year. Dates to be determined at a later time.

Please note, younger children are always welcome in the school while you are volunteering.
